A5E Consulting Offers EMI to deploy GST-Ready SAP Solution

If you're a growing business and not capable of paying upfront for SAP's GST solutions, here is the good news. A5E Consulting, an SAP business partner, announces an EMI (equated monthly installment) option for GST deployment specially for SMEs by enabling them to adopt the solution at nominal charge. A5E also introduces 'SAP-as-Managed Services' (SAMS), a utility based offering that combines business consulting with SAP solutions.

As the Managed Services provider, A5E Consulting will manage all the required investments ranging from SAP license cost, hosting and implementation, in addition to offering its business consulting services for SMEs determining to deploy SAP as its core.

Commenting on the new offering, Saurabh Bhatt, Founder, CEO, A5E Consulting said, "Our SAMS model will aid SMEs in fast-tracking their GST compliance and enabling them to take advantage of this opportunity to go Digital on an EMI based model. Combining the power of SAP and our expertise in business consulting, SAMS will provide immense strategic value to C-suites, aiding them to focus their energies and money in their core business."
